Raffle for AGA National PDT

The purpose of this policy is to establish a fair and reasonable process for determining eligibility for the annual raffle to send members to participate in the Professional Development Training (PDT) held each year by the National Association of Government Accountants at full or partial chapter expense (sponsorship). Attendance at trainings is intended to advance chapter leadership skills, increase knowledge, expand resources, and to recognize chapter members for their contributions and achievements.

1. **Eligibility.** The following are the eligibility requirements for the raffle.
 - a) Must be an AGA member in good standing.
 - b) Must attend (sign in) at least 8 of the 10 meetings during the program year (July 1 to June 30) and prior to the drawing, and must be a member for the 8 eligible meetings.
 - c) Volunteer time in at least one AGA sponsored community activity, i.e. Salvation Army Bell Ringing, Kamelen Karidat Soup Kitchen, annual AGA 5k run/walk/wheel, etc.
2. **Ineligibility.** A member who attends the Professional Development Training at Chapter expense from the previous year will not be eligible for the raffle in the following year.
3. **Exceptions.** Exceptions to the requirement to attend 8 to 10 meetings will be considered if the member is off-island for work related activities or for medical purposes. (The member must be engaged in official business within two days of the date of the meeting.) A maximum of two excused absences will be allowed in any one-year period. Excused absences must be coordinated with the Membership Director.
4. **Time of Drawing.** The drawing will be held each year at the general membership meeting two months prior to the month of the national conference. The drawing usually takes place in April or May. For example, if the national conference is to be held July 7- 10 of a year, the drawing will be held at the general membership meeting for the month of May. If the conference is to be held June 28-30, the drawing will be held in the month of April. If conference dates overlap two months, the date of the preconference activities will determine the month the drawing is held.
5. **Responsibility.** The Membership Director will be responsible for tracking attendance and maintaining a listing of eligible members. The listing of potentially eligible persons shall be announced at the two general membership meetings preceding the date of the drawing.
6. **Available Funding.** The CEC will determine the number of members to attend the PDT at least three months prior to the PDT after reviewing the Chapter's financial position. The order of funding shall be as follows:
 - a) The President-Elect's attendance for the purpose of representing the Chapter at the national board meeting.

- b) PDT attendance for membership raffle(s)
- c) Any member receiving a national award
- d) Additional attendance as determined by the CEC

For example, if the CEC determines that the Chapter can fund only one PDT attendance, the President-Elect will be the only attendee at AGA expense. If the CEC determines that the Chapter can fund three, the President-Elect will attend, and a raffle will be held for two additional members to attend. Additional raffles for a first alternate and a second alternate will also be held in the event any member is not able to attend the PDT. PDT attendance funded by the Chapter are not transferable.

7. Amount.

- a. The Chapter will pay for the PDT registration fee.
- a. The Chapter will pay for coach economy airfare for the most economical, direct route to the PDT. Members are encouraged to seek and avail of deals and discounts on travel to the PDT. Travelers should take all prudent steps to take advantage of any deals or discounts on travel to the conference destination. Members who purchase their airfare for an alternate flight plan will only be reimbursed for the most economical, direct route for airfare. In such instances, the member will be reimbursed based on an itinerary with estimated costs for airfare at the most economical, direct route to the PDT.
- b. Although the Chapter will attempt to obtain as many hotel scholarships (from AGA National) as possible, when scholarships are not available, the Chapter will pay for lodging preferably at the PDT site. The Chapter will pay for the night preceding the pre-conference courses (usually on a Sunday) and the last night of the PDT (usually a Wednesday).
- c. The Chapter will pay for meals and incidental expenses at the rate of \$25 per day.

An expense report and CPE report must be submitted to the Chapter Treasurer within 30 days of the conference date. Members will be subject to absorbing all costs if required reports are not completed and required CPEs are not obtained.

9. Maximizing Training Opportunities. Because the opportunities for receiving quality training on the island are so limited, members who have the opportunity to travel at Chapter expense are strongly encouraged to maximize the benefit of these training opportunities by attending the pre-conference courses as well as attending the full complement of courses offered by AGA National.

10. Finality. The results of the raffle are final and will not be subject to appeal for any reason.

Financial & Budgetary Controls

A) Annual Budget and Earmarks & Discretionary Spending by the President

After initial fiscal year CEC meeting, update earmarks from budget approved by CEC. The earmarks serve as approvals by the CEC to obligate funds for specific purposes.

The President may use discretionary authority spending. The policy is set forth the rules discretionary spending during the year on the part of the President of the Chapter. The CEC recognizes that there may be some occasions wherein a small spending decision may need to be made within a time frame that does not allow for deliberation by the entire body. The President of the Chapter is authorized to spend up to \$250.00 per event not to exceed \$1,000 per Program Year for unplanned costs without authorization from the Chapter Executive Committee. As funds are expended, the President will report these expenditures at the next CEC meeting.

The authorization extends to expenditures which are deemed by the President to be prudent and in the best interests of the Chapter. Examples of the types of expenditures that would be authorized are as follows:

1. A decision to hold a dinner meeting for the purpose of rewarding committee members at the end of a project and to hold a lessons learned meeting to plan for a future event;
2. Hosting a dinner for the Chapter's dignitaries or trainers visiting the island for a purpose of building up the local chapter or enabling the achievement of Chapter goals and objectives;
3. Hosting a meal with donors or potential donors; and/or
4. Applicable expenditures deemed necessary to carry out the goals and objectives of the Chapter.

The list above is not meant to be exhaustive but a representation of the types of examples of costs that may be incurred. The CEC recognizes that the President must be allowed to exercise his best discretion in a prudent manner when unplanned events arise. While these expenses are not subject to CEC approval, the Treasurer shall perform a general review of the receipts to document the benefit of such expenses and to ensure mathematical accuracy of voucher/s submitted for reimbursement.

B) Administrative Fee for the Chapter

This set forth the policy for an administrative fee to be assessed on AGA activities in which funds are generated. The CEC has determined that the Chapter Fund should have sufficient funding to cover costs of luncheons and other general costs incurred by the Chapter.

The chapter has been subsidizing the Chapter, Junior Accountants Society (JAS), and Association of Junior Accountants (AJA) member luncheon costs for the monthly general membership meetings. This required the Treasurer to request periodic transfers of funds from the Community Service or the Professional Development funds to the Chapter Fund. The Chapter desires to maintain sufficient funds to minimize the frequency of transfers to/from the said funds. In addition, there are several activities (annual 5K, training sessions, bi-annual conferences, etc.), in which the Chapter generates income. This procedure applies only to the person holding the office of Treasurer of the Chapter.

It is the policy of the CEC that 10% of the net proceeds of all revenue-generating activities (i.e., annual 5K, training sessions, bi-annual conferences, etc.) be transferred to the Chapter Fund as an administrative fee. This administrative fee is intended to cover the general expenses of the Chapter, such as and not limited to luncheon meeting subsidies.

C) Minimum Cash Policy Standard

This is set forth to establish a minimum cash balance target. The CEC has determined that sufficient funds should be kept on hand to ensure there is always sufficient cash on hand to ensure the Chapter is able to carry out its core functions. The Chapter desires to maintain a minimum cash balance that will enable the chapter to continue to make commitments for the training and conference events. This procedure applies only to the person holding the office of President of the Chapter.

It is the policy of the CEC that that chapter account balance minimum target be set at \$30,000. Under normal conditions, CEC members should make best efforts to keep the minimum balance at or above this level in order to facilitate the ongoing operations of the Chapter. It is expected that the balance may drop below this level during the period when conference expenses are incurred prior to the receipt of significant revenues.
